

Colleen Watters

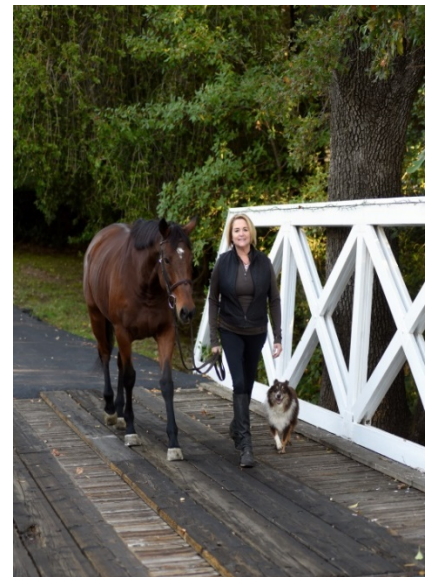

Attorney at Law

(916) 225-3570 www.CJWattersLaw.com

I am a graduate of Lincoln School of Law, and I have been practicing law as a member of the California State Bar since 2008. My practice is dedicated to estate planning and probate. I assist individuals and families to establish wills, trusts, durable powers of attorney and health care directives. I am also available to review your current documents, and to assist with probate and trust administration.

After working for three years in a law firm, I started my own practice in November 2013. I am a conscientious attorney who prides herself on providing valuable service to her clients. I am passionate in my quest to ensure people have the proper estate planning documents in place which will live into the future. My goal is to help my clients solve problems in the most efficient and cost-effective manner.

A native of Sacramento, I am an active volunteer with organizations including the American River Parkway Foundation and the Placer SPCA. My passions for animals lead to my relationship with the Placer SPCA. The American River Parkway has been a major part of my life for many years. In the 1990s the parkway was my favorite place for triathlon training. After embarking on a law degree, the parkway became my favorite place to study and to find serenity during my busy schedule. All the wonderful hours spent on the parkway instilled a desire to volunteer time in support of the American River Parkway Foundation. Please visit my website and click the "READ MORE" button to learn more about my commitment to the Placer SPCA and the American River Parkway Foundation, along with my involvement with other organizations in Sacramento and Placer counties.
